THE MUSIC JOURNEY

about

Felix Owusu is a talented musician who has thrilled lovers of the Highlife genre of music for decades.

Felix has released several hit songs since the 1990s and has made a lot of waves as an astute musician.

Felix has performed and collaborated with some of the big names of Highlife music including Kojo Antwi, Paapa Yankson, and Amakye Dede among others.

Like most people, there is an interesting story to Felix's musical journey. At a tender age, he had developed a strong passion for music and yearned to become a musician someday. As nature would have it Felix lived close to a band named Osabarima where the pursuit of his musical career began.

Although Felix was not given the platform to sing with Osabarima, it gave him the opportunity to learn the rudiments of the trade.
